# DIOR EXHIBITION

*This summer, the main event in Paris will be a huge exhibition in honour of the house of Christian Dior's 70th anniversary. Its founder's entire universe will be on display, not to mention that of his successors like Yves Saint Laurent, Marc Bohan, Gianfranco Ferré, John Galiano, and most recently, Maria Grazia Chiuri. The show will include over 300 dresses, but also paintings, furniture, and artwork, for Monsieur Dior loved great art and museums on top of being passionate about fashion.*
